Subject: Adjusting Claims

If you are adjusting a claim and need to make a correction on page 2 (revenue code, HCPCS, units and charges) of the Direct Data Entry System, you must key the entire line that needs the correction below the revenue line 0001.

To delete the line successfully, place a 'D' on the first zero of the revenue code, press the 'home' key and press 'enter'. Make sure you indicate the appropriate condition code and adjustment reason code. If you have any questions, please call 1-866-488-0545.
