To be part of CareFirst's network, he has agreed to accept $50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to $50.

This summary is for comparison purposes only and does not create rights not given through the benefit plan. Not all services and procedures are covered by your benefits contract. Some services may have limitations or exclusions. For more information about plan benefits, limitations, exclusions and conditions of coverage, or for a copy of the complete terms of coverage please contact your employer or CareFirst.

1 When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.

2 This plan uses a provider network. In-network doctors and healthcare providers are those that are part of the plan's network (also known as participating providers). When an in-network provider is chosen, Members pay the lowest out-of-pocket costs. Members should confirm the plan's network and check with providers before accessing services.

3 If your plan has Out-of-Network coverage: Out-of-network doctors and healthcare providers have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed. Members should confirm the plan's network and check with providers before accessing services.

4 Generally, you must pay all the costs from provider up to the deductible amount before this plan begins to pay. If you have other family member(s) on the plan, each family member may need to meet their own individual deductible, OR all family members may combine to meet the overall family deductible before the plan begins to pay, depending upon plan coverage. Please refer to your contract for further details.

5 The out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family member(s) on the plan, each family member may need to meet their own out-of-pocket limits, OR all family members may combine to meet the overall family out-of-pocket limit, depending upon plan coverage. Please refer to your contract for further details.

6 If plan has integrated medical and prescription drug, both contribute to the plan's out-of-pocket maximum. If plan has separate out-of-pocket maximums, medical and drug expenses accumulate independently.
