Welcome

Welcome to your plan for healthy living

From preventive services to maintain your health, to our extensive network of providers and resources, CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) are there when you need care. We will work together to help you get well, stay well and achieve any wellness goals you have in mind.

We know that health insurance is one of the most important decisions you make for you and your family—and we thank you for choosing CareFirst. This guide will help you understand your plan benefits and all the services available to you as a CareFirst member.

Please keep and refer to this guide while you are enrolled in this plan.

How your plan works

Find out how your health plan works and how you can access the highest level of coverage.

What's covered

See how your benefits are paid, including any deductibles, copayments or coinsurance amounts that may apply to your plan.

Getting the most out of your plan

Take advantage of the added features you have as a CareFirst member:

- Wellness discount program offering discounts on fitness gear, gym memberships, healthy eating options and more.
- Online access to quickly find a doctor or search for benefits and claims.
- Health information on our website includes health calculators, tracking tools and podcast videos on specific health topics.
- *Vitality* magazine with healthy recipes, preventive health care tips and a variety of articles.

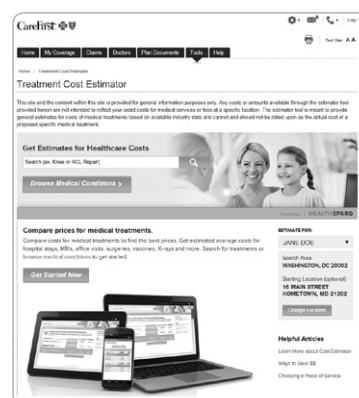

Managing your health care budget just got easier

With CareFirst's Treatment Cost Estimator, you can:

- Quickly estimate your total costs
- Avoid surprises and save money
- Plan ahead to control expenses
- Make the best care decisions for you

Take the Call

You know that CareFirst BlueCross BlueShield (CareFirst) provides your health benefits and processes claims, but that's not all we do. We're there for you at every step of care—and every stage, even when life throws you a curveball.

Whether you are faced with an unexpected medical emergency, managing a chronic condition like diabetes, or looking for help with a health goal such as losing weight, we offer one-on-one coaching and support programs. You may receive a letter or postcard in the mail, or a call from a nurse, health coach or pharmacy technician explaining the programs and inviting you to participate.

These programs are confidential and part of your medical benefit. They can also play a huge role in helping you through an illness or keeping you healthy. Once you decide to participate, you can choose how involved you want to be. We encourage you to connect with the CareFirst team so you can take advantage of this personal support.

CareFirst may call you to offer one-on-one support programs concerning Health & Wellness, Complex Care Coordination, Pharmacy or Behavioral Health

These services are administered by Health Fitness, Healthways or Business Health Services, all independent companies which provide health improvement management services to CareFirst members.

CVS Caremark is an independent company that provides pharmacy benefit management services to CareFirst members.

Magellan Healthcare is an independent company that provides behavioral health services to CareFirst members.

Know Before You Go

Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It's important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)

Establishing a relationship with a primary care provider is the best way to receive consistent, quality care. Except for emergencies, your PCP should be your first call when you require medical attention. Your PCP may be able to provide advice over the phone or fit you in for a visit right away.

FirstHelp—free 24-hour nurse advice line

Call 800-535-9700 anytime to speak with a registered nurse. Nurses can provide you with medical advice and recommend the most appropriate care.

CareFirst Video Visit

See a doctor 24/7 without an appointment! You can consult with a board-certified doctor on your smartphone, tablet or computer. Doctors can treat a number of common health issues like flu and pinkeye. Visit carefirst.com/aacps for more information.

Convenience care centers (retail health clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer accessible care with extended hours. Visit a convenience care center for help with minor concerns like cold symptoms and ear infections.

Urgent care centers

Urgent care centers (such as Patient First or ExpressCare) have a doctor on staff and are another option when you need care on weekends or after hours.

Emergency room (ER)

An emergency room provides treatment for acute illnesses and trauma. You should call 911 or go straight to the ER if you have a life-threatening injury, illness or emergency. Prior authorization is not needed for emergency room services.

For more information, visit carefirst.com/aacps.

*The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

When you need care

When your PCP isn't available, being familiar with your options will help you locate the most appropriate and cost-effective medical care. The chart below shows how costs* may vary for a sample health plan depending on where you choose to get care.

	Sample cost	Sample symptoms	Available 24/7	Prescriptions?
Video Visit	\$10	<ul style="list-style-type: none"> ■ Cough, cold and flu ■ Pink eye ■ Ear infection 	✓	✓
Convenience Care (e.g., CVS MinuteClinic or Walgreens Healthcare Clinic)	\$10	<ul style="list-style-type: none"> ■ Cough, cold and flu ■ Pink eye ■ Ear infection 	✗	✓
Urgent Care (e.g., Patient First or ExpressCare)	\$10	<ul style="list-style-type: none"> ■ Sprains ■ Cut requiring stitches ■ Minor burns 	✗	✓
Emergency Room	\$75	<ul style="list-style-type: none"> ■ Chest pain ■ Difficulty breathing ■ Abdominal pain 	✓	✓

* The costs in this chart are for illustrative purposes only and may not represent your specific benefits or costs.

To determine your specific benefits and associated costs:

- Log in to *My Account* at carefirst.com/aacps
- Check your Evidence of Coverage or benefit summary
- Ask your benefit administrator, or
- Call Member Services at the telephone number on the back of your member ID card

For more information and frequently asked questions, visit carefirst.com/aacps.

Did you know that where you choose to get lab work, X-rays and surgical procedures can have a big impact on your wallet? Typically, services performed in a hospital cost more than non-hospital settings like LabCorp, Advanced Radiology or ambulatory surgery centers.

PLEASE READ: The information provided in this document regarding various care options is meant to be helpful when you are seeking care and is not intended as medical advice. Only a medical provider can offer medical advice. The choice of provider or place to seek medical treatment belongs entirely to you.

Patient-Centered Medical Home

Supporting the relationship between you and your doctor

Whether you're trying to get healthy or stay healthy, you need the best care. That's why CareFirst¹ created the Patient-Centered Medical Home (PCMH) program to focus on the relationship between you and your primary care provider (PCP).

The program is designed to provide your PCP with a more complete view of your health needs. Your PCP will be able to use information to better manage and coordinate your care with all your health care providers including specialists, labs, pharmacies and others to ensure you get access to, and receive the most appropriate care in the most affordable settings.

Extra care for certain health conditions

If you have certain health conditions, your PCMH PCP will partner with a care coordinator, a registered nurse, to:

- Create a care plan based on your health needs with specific follow up activities
- Review your medications and possible drug interactions
- Check in with you to make sure you're following your treatment plan
- Assist you in obtaining services and equipment necessary to manage your health condition(s)

A PCP is important to your health

By visiting your PCP for routine visits, you build a relationship, and your PCP will get to know you and your medical history.

If you have an urgent health issue, having a PCP who knows your history often makes it easier and faster to get the care you need.

Even if you are young and healthy, or don't visit the doctor often, choosing a PCP is key to maintaining good health.

PCPs play a huge role in keeping you healthy for the long run. If you don't already have a relationship with a doctor, you can begin researching one today!

- To find a PCMH PCP, look for the PCMH logo when searching for primary care providers in our Provider Directory or log in to *My Account* and click *Select/Change PCP* under *Quick Links*.

Away From Home Care

Your HMO coverage goes with you

We've got you covered when you're away from home for 90 consecutive days or more. Whether you're out-of-town on extended business, traveling, or going to school out-of-state, you have access to routine and urgent care with our Away From Home Care program.

Coverage while you're away

You're covered when you see a provider of an affiliated Blue Cross Blue Shield HMO (Host HMO) outside of the CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C. and Northern Virginia). If you receive care, then you're considered a member of that Host HMO receiving the benefits under that plan. So your copays may be different than when you're in the CareFirst BlueChoice service area. You'll be responsible for any copays under that plan.

Enrolling in Away From Home Care

To make sure you and your covered dependents have ongoing access to care:

- Call the Member Service phone number on your ID card and ask for the Away From Home Care Coordinator.
- The coordinator will let you know the name of the Host HMO in the area. **If there are no participating affiliated HMOs in the area, the program will not be available to you.**
- The coordinator will help you choose a primary care physician (PCP) and complete the application. Once completed, the coordinator will send you the application to sign and date.
- Once the application is returned, we will send it to your Host HMO.

Always remember to carry your ID card to access Away From Home Care.

- The Host HMO will send you a new, temporary ID card which will identify your PCP and information on how to access your benefits while using Away From Home Care.
- Complete these steps annually as long as Away From Home Care benefits are needed.
- Simply call your Host HMO primary care physician for an appointment when you need care.

No paperwork or upfront costs

Once you are enrolled in the program and receive care, you don't have to complete claim forms, so there is no paperwork. And you're only responsible for out-of-pocket expenses such as copays, deductibles, coinsurance and the cost of non-covered services.

BlueCard® & Global Core

Wherever you go, your health care coverage goes with you

With your Blue Cross and Blue Shield member ID card, you have access to doctors and hospitals almost anywhere. BlueCard gives you the peace of mind that you'll always have the care you need when you're away from home, from coast to coast. And with Blue Cross Blue Shield Global Core (Global Core) you have access to care outside of the U.S.

As always, go directly to the nearest hospital in an emergency.

Your membership gives you a world of choices. More than 93% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the United States or abroad, you'll have access to health care in more than 190 countries.

When you're outside of the CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C., and Northern Virginia), you'll have access to the local Blue Cross Blue Shield Plan and their negotiated rates with doctors and hospitals in that area. You shouldn't have to pay any amount above these negotiated rates. Also, you shouldn't have to complete a claim form or pay up front for your health care services, except for those out-of-pocket expenses (like non-covered services, deductibles, copayments, and coinsurance) that you'd pay anyway.

Within the U.S.

1. Always carry your current member ID card for easy reference and access to service.
2. To find names and addresses of nearby doctors and hospitals, visit the National Doctor and Hospital Finder at www.bcbs.com, or call BlueCard Access at 800-810-BLUE (2583).
3. Call Member Services for pre-certification or prior authorization, if necessary. Refer to the phone number on your ID card because it's different from the BlueCard Access number listed in Step 2.
4. When you arrive at the participating doctor's office or hospital, simply present your ID card.
5. After you receive care, you shouldn't have to complete any claim forms or have to pay up front for medical services other than the usual out-of-pocket expenses. CareFirst will send you a complete explanation of benefits.

Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The BlueCard Worldwide program provides medical assistance services and access to doctors, hospitals and other health care professionals around the world. Follow the same process as if you were in the U.S. with the following exceptions:

- At hospitals in the Global Core Network, you shouldn't have to pay up front for inpatient care, in most cases. You're responsible for the usual out-of-pocket expenses. And, the hospital should submit your claim.
- At hospitals outside the Global Core Network, you pay the doctor or hospital for inpatient care, outpatient hospital care, and other medical services. Then, complete an international claim form and send it to the Global Core Service Center. The claim form is available online at bcbs.globalcore.com.
- To find a BlueCard provider outside of the U.S. visit bcbs.com, select *Find a Doctor or Hospital*.

Members of Maryland Small Group Reform (MSGR) groups have access to emergency coverage only outside of the U.S.

Medical assistance when outside the U.S.

Call 800-810-BLUE (2583) toll-free or 804-673-1177, 24 hours a day, 7 days a week for information on doctors, hospitals, other health care professionals or to receive medical assistance services. A medical assistance coordinator, in conjunction with a medical professional, will make an appointment with a doctor or arrange hospitalization if necessary.

Visit bcbs.com to find providers within the U.S. and around the world.

Pharmacy Program Summary of Benefits

Retirees Under 65

Formulary 2 ■ 5-Tier ■ \$0 Deductible ■ \$5/20/35 ■ Specialty \$75/\$75

Plan Feature	Amount You Pay	Description
Individual Deductible	None	Your benefit does not have a deductible.
Family Deductible	None	Your benefit does not have a family deductible.
Out-of-Pocket Maximum	Individual \$6,350 Family \$12,700	If you reach your out-of-pocket maximum, CareFirst or CareFirst BlueChoice will pay 100% of the applicable allowed benefit for most covered services for the remainder of the year. All deductibles, copays, coinsurance and other eligible out-of-pocket costs count toward your out-of-pocket maximum, except balance billed amounts.
Preventive Drugs (up to a 30-day supply)	\$0	A preventive drug is a prescribed medication or item on CareFirst's Preventive Drug List.*
Generic Drugs (Tier 1) (up to a 30-day supply)	\$5	Generic drugs are covered at this copay level.
Preferred Brand Drugs (Tier 2) (up to a 30-day supply)	\$20	All preferred brand drugs are covered at this copay level.
Non-preferred Brand Drugs (Tier 3) (up to a 30-day supply)	\$35	All non-preferred brand drugs on this copay level are not on the Preferred Drug List.* Discuss using alternatives with your physician or pharmacist.
Preferred Specialty Drugs (Tier 4) (up to a 30-day supply)	\$75	You pay \$75 for all preferred specialty drugs. Must be filled through Exclusive Specialty Pharmacy Network.

Maintenance preferred and non-preferred specialty drugs up to a 90-day supply must be filled through Exclusive Specialty Pharmacy Network and you pay 50% coinsurance up to a maximum copay.
Refill Limit (up to a 90-day supply)	One initial fill plus one refill for long term medications at a retail pharmacy	Before you reach your 30-day fill limit and your out-of-pocket cost increases, we will contact you to help you get started with Maintenance Choice. We'll then help you get a 90-day prescription from your doctor so you can choose to fill it through Mail Service or a CVS pharmacy.
Restricted Generic Substitution	If a provider prescribes a non-preferred brand drug when a generic is available, you will pay the non-preferred brand copay or coinsurance PLUS the cost difference between the generic and brand drug up to the cost of the prescription. If a generic version is not available, you will only pay the copay or coinsurance. Also, if your prescription is written for a brand-name drug and DAW (dispense as written) is noted by your doctor, you will only pay the copay or coinsurance.	

Visit carefirst.com/aacps for the most up-to-date drug lists, including the prescription guidelines. Prescription guidelines indicate drugs that require your doctor to obtain prior authorization from CareFirst before they can be filled and drugs that can be filled in limited quantities.

Fill your maintenance drug prescriptions with Maintenance Choice

Maintenance Choice offers you options and savings when it comes to filling your maintenance medications. Maintenance medications are drugs taken regularly for an ongoing condition such as high blood pressure, diabetes, etc. With Maintenance Choice, you can get up to a three-month supply of your maintenance drugs for the cost of a two-month supply. There are two ways to save when filling your maintenance drug prescriptions.

CVS Mail Service Pharmacy

- Enjoy convenient home delivery service
- Refill your prescriptions online, by phone or email
- Check account balances and make payments through an automated phone system
- Sign up to receive email notifications of order status
- Access a consulting pharmacist by phone 24 hours a day

CVS Retail Pharmacy

- Access the entire network of CVS pharmacies
- Pick up your medications at a time convenient to you
- Enjoy same-day prescription availability
- Talk with a pharmacist face-to-face

You will be allowed to fill a one-month prescription two times at any retail pharmacy as we transition to Maintenance Choice. Before you reach your fill limit, CVS/caremark* will contact you to help you get started with Maintenance Choice. We'll then help you get a new prescription from your doctor so you can choose to fill it through CVS Mail Service Pharmacy or at a CVS retail pharmacy. CareFirst Specialty Pharmacy Coordination Program

Personalized care for managing your chronic medical condition

Do you have a chronic condition that requires specialty medications? Our CareFirst Specialty Pharmacy Coordination Program can help you achieve better results from your medication therapy through personalized care, support and services designed to help manage your condition.

Through this program CareFirst addresses the unique clinical needs of members who take high-cost specialty drugs for certain conditions like multiple sclerosis, hepatitis C and hemophilia. We recognize that members taking specialty drugs require high-touch, high-quality care coordination and support to assure the best possible outcomes. With this program you have access to the following services:

- Comprehensive assessment of the patient at program initiation
- Coordination between the specialty care coordination team and the patient's primary care provider (PCP)
- Drug interaction review
- Drug and condition-specific education and counseling on medication adherence, side effects and safety
- Refill reminders and inventory coordination to reduce drug waste
- On call pharmacists 24 hours a day, seven days a week for assistance
- Specialty drug care coordination with a registered nurse specializing in select disease states (multiple sclerosis, hemophilia, hepatitis C and select intravenous immunoglobulin conditions)

In order to maximize the effectiveness of the Specialty Pharmacy Coordination Program, your specialty medications must be filled through CVS/caremark Specialty Pharmacy.

By using the CareFirst Exclusive Specialty Pharmacy network, you get specialty medications and personalized pharmacy care management services from a team of clinical experts specially trained in your health condition as well as access to:

- Drug and condition-specific education and counseling
- Confidential, professional and personal care
- On-call pharmacist 24 hours a day, seven days a week
- Insurance and financial coordination assistance
- Online support and resources

Our Specialty Customer Care Team addresses your unique clinical needs, and helps improve adherence, persistency to prescribed therapies and safety, thereby improving your overall health and costs.

Ways to Save with Generic Drugs

Take control & save on your drug costs

You can save money on prescription drugs by switching to generics. Generic drugs are proven to be just as safe and effective as their brand-name counterparts. The difference? Name and price.

What are generics?

- Generics work the same as brand-name drugs, but cost much less.
- A generic drug is essentially a copy of a brand-name drug. It contains the same active ingredients and is identical in dosage, safety, strength, how it's taken, quality, performance and intended use.
- Generic drugs are approved by the U.S. Food and Drug Administration (FDA).
- Generic drugs are manufactured in facilities that are required to meet the same FDA standards of good manufacturing practices as brand-name products.¹

Save by using generic drugs

- Generic drugs are less expensive than brandname medications.
- On average a member can potentially save around \$200 to \$360 per year by using generic drugs.²
- A study by the FDA concluded that consumers who are able to replace all their branded prescriptions with generics can save up to 52 percent on their daily drug costs.¹

Here's an example of how much you could save by switching to a generic alternative.

Brand name	Generic name	Average monthly cost* of brand	Average monthly cost* of generic	Monthly savings if using generic
Ambien (10mg)	Zolpidem Tartrate	\$474	\$1	\$473
Coumadin (2mg)	Warfarin Sodium	\$169	\$8	\$161
Singulair (10mg)	Montelukast Sodium	\$200	\$6	\$194

*Costs based on CareFirst BlueCross BlueShield November 2015–April 2016 claims at CVS pharmacies and rounded to the nearest dollar.

¹ FDA, Savings from Generic Drugs Purchased at Retail Pharmacies, June 26, 2009.

² Annual savings estimate based on 2009 data from CVS Caremark Industry Analytics and Finance.

How do I switch to a generic drug?

You can ask your doctor if any of the prescription medications you are currently taking can be filled with a generic alternative. To find out if there are lower cost drugs available, including generics, which can be used to treat your condition:

- Visit the Drug Search section of carefirst.com/aacps to view the CareFirst Preferred Drug List.
- Print the list and take it with you to your doctor.
- Ask your doctor if a generic drug could work for you.

How we help you save

To help you get the most savings, our pharmacy benefit manager, CVS/caremark* notifies members by mail about opportunities to save with generic drugs.

- If you fill a prescription for a non-preferred brand drug you will receive a personalized letter from CVS/caremark with available lower-cost generic alternative options plus steps for changing to a generic alternative.
- Plus, a letter will be enclosed that you can take to your doctor on your next visit.

Preferred Dental

Includes access to a National Provider Network

CareFirst BlueCross BlueShield (CareFirst) and CareFirst BlueChoice, Inc. (CareFirst BlueChoice)¹ offer Preferred (PPO) Dental coverage, which allows you the freedom to see any dentist you choose.

Advantages of the plan

- **Freedom of choice, freedom to save**—With Preferred Dental coverage, you can see any dentist you choose. However, this plan also gives you the option to reduce your out-of-pocket expenses by visiting a dentist who participates in our Preferred Provider network. It's your choice!
- **Comprehensive coverage**—Benefits include regular preventive care, X-rays, dental surgery and more. A summary of your benefits is available on the following page. (Additional coverage for orthodontia is included for children and adults.)
- **Nationwide access to participating dentists**—You have access to one of the nation's largest dental networks, with more than 95,000 participating dentists throughout the United States. Preferred Dental gives you coverage for the dental services you need, whenever and wherever you need them.

Three options for care

- **Option 1**—By choosing a dentist in the Preferred Provider Network, you incur the lowest out-of-pocket costs. These dentists accept CareFirst's allowed benefit as payment in full, which means no balance billing for you. You are just responsible for deductibles and coinsurance.
- **Option 2**—You can receive out-of-network coverage from a dentist who participates with CareFirst, but not through the Preferred Provider Network. Similar to Option 1, there is no balance billing. You are responsible for deductibles and coinsurance, and also have the convenience of your provider being reimbursed directly.

- **Option 3**—You can receive out-of-network coverage from a dentist who has no relationship with CareFirst. With this option, you may experience higher out-of-pocket costs since you pay your provider directly. You can be balance billed and must pay your deductible and coinsurance as well.

Frequently asked questions

How do I find a preferred dentist?

You can access an online directory 24 hours a day at carefirst.com/aacps. Click on the *Dental* tab, followed by *Preferred Dental (PPO)*.

How much will I have to pay for dental services?

The chart on the following page gives you an overview of many of the covered services along with the percentage of what you will pay for each class of services, both in and out-of-network.

Is there a lot of paperwork?

There is no paperwork when you see a participating dentist, you are free from filing claims. However, if you use a non-participating dentist, you may be required to pay all costs at the time of care, and then submit a claim form in order to be reimbursed for covered services.

Who can I call with questions about my dental plan?

Call Dental Customer Service toll free at: (866) 891-2802 between 8:30 am and 5:00 pm ET, Monday–Friday.

¹ The CareFirst BlueChoice Dental Plan is offered in conjunction with Group Hospitalization and Medical Services, Inc., doing business as CareFirst BlueCross BlueShield, which contracts with participating dentists and provides claims processing and administrative services under the Dental Plan.

Traditional Dental

Includes access to a National Provider Network

CareFirst BlueCross BlueShield (CareFirst) and CareFirst BlueChoice, Inc. (CareFirst BlueChoice)¹ offer Traditional Dental coverage, which allows you the freedom to see any dentist you choose.

Advantages of the plan

- **Freedom of choice, freedom to save**—With Traditional Dental coverage, you can see any dentist you choose. However, this plan also gives you the option to reduce your out-of-pocket expenses by visiting a dentist who participates in our Traditional Provider network. It's your choice!
- **Comprehensive coverage**—Benefits include regular preventive care, X-rays, dental surgery and more. A summary of your benefits is available on the following page. (Additional coverage for orthodontia is included for children and adults.)
- **Nationwide access to participating dentists**—You have access to one of the nation's largest dental networks, with more than 95,000 participating dentists throughout the United States. Traditional Dental gives you coverage for the dental services you need, whenever and wherever you need them.
- **Opportunity to reduce costs**—If you see a participating dentist, you will incur lower out-of-pocket costs for all dental services and you will have no claim forms to file. Participating dentists have agreed to accept CareFirst's allowed benefit as payment in full for covered services. Once you meet your deductible and coinsurance, you won't have any additional expenses. You will not be balance billed!
- **Out-of-network benefit**—You can receive care from a non-participating dentist and have the same level of coverage; however, you may be subject to higher out-of-pocket costs and balance billing.

Vision Program

Making vision care more affordable

Vision is one of our most valued assets. Everyone should take precautions to protect this priceless gift. Some vision problems, such as glaucoma, can only be detected through regular, professional vision exams. Without proper care, these problems can gradually grow worse.

An important asset

The CareFirst BlueCross BlueShield Vision plan can make a difference. It makes vision care more affordable, and it encourages people to follow a routine of preventive care for their eyes.

An affordable option

Vision care is one of the least expensive health care benefits you can purchase. It is also one of the first optional benefits chosen by employees when it is offered.

Your Vision plan helps you commit to routine eye exams and preventive care that help detect small problems before they become serious and costly. Your Vision plan provides benefits for:

- Comprehensive vision examinations
- Lenses and frames or contact lenses

A name you can trust

CareFirst BlueCross BlueShield is one of the largest health insurers in Maryland. You will be pleased that you have chosen CareFirst BlueCross BlueShield to provide such an important and valuable benefit program.

Freedom of choice

You can choose any licensed vision care provider—in Maryland or out of state. You have complete freedom to choose your own ophthalmologists, optometrists, and opticians. You may choose to see your current provider, a provider convenient to work or home, or take the recommendations of others.

Need more information?

Please visit carefirst.com/aacps
or call 800-628-8549.

Easy to use

Our Vision plan is as easy to use as it is effective. You simply show your CareFirst BlueCross BlueShield membership card to participating providers at the time of service. The participating provider will bill us and we pay them directly for their services. You don't have any paperwork or claims to file.

If you choose a non-participating provider for your care, you must pay the provider. We will reimburse you up to the limits of your vision plan.

You can identify participating providers by the distinctive CareFirst BlueCross BlueShield Participating Provider plaque in their offices. If you don't see the plaque, you can ask the provider if he or she participates with CareFirst BlueCross BlueShield before you receive care. You may also call the CareFirst BlueCross BlueShield office to find out if a provider participates.

What is not covered

- Sunglasses (lenses darker than tint 2), even if prescribed.
- Replacement, within the same benefit period, of lost or damaged frames or lenses (including contacts) for which benefits were provided.
- Exams or materials furnished after the member's coverage is terminated (unless lenses and frames or contact lenses are ordered prior to the termination date and received within 30 days after the date of the order).
- Separate exam for contact lens fitting.

Not all services are covered by your benefits contract. This plan summary is for comparison purposes only and does not create rights not given through the benefit plan.

Please note: This schedule is intended as a source of general information only. All benefits are subject to the provisions stipulated in the CareFirst BlueCross BlueShield Vision contract. CareFirst BlueCross BlueShield does not warrant the quality of vision services or materials.

BlueVision (Davis Vision)

A plan for healthy eyes, healthy lives

Professional vision services including routine eye examinations, eyeglasses and contact lenses offered by CareFirst BlueChoice, through the Davis Vision, Inc. national network of providers.

How the plan works

How do I find a provider?

To find a provider, go to carefirst.com/aacps and utilize the Find a Provider feature or call Davis Vision at **800-783-5602** for a list of network providers closest to you. Be sure to ask your provider if he or she participates with the Davis Vision network before you receive care.

How do I receive care from a network provider?

Simply call your provider and schedule an appointment. Identify yourself as a CareFirst BlueChoice member and provide the doctor with your identification number, as well as your date of birth. Then go to the provider to receive your service. There are no claim forms to file.

Can I get contacts and eyeglasses in the same benefit period?

With BlueVision, you receive one pair of eyeglasses or a supply of contact lenses per benefit period at a discounted price.¹

Mail order replacement contact lenses

DavisVisionContacts.com offers members the flexibility to shop for replacement contact lenses online after benefits are spent. This website offers a wide array of contact lenses, easy, convenient purchasing online and quick shipping direct to your door.

¹ At certain retail locations, members receive comparable value through their everyday low price on examination, frame and contact lens purchase.

² CareFirst BlueChoice does not underwrite lenses, frames and contact lenses in this program. This portion of the Plan is not an insurance product. As of 4/1/14, some providers in Maryland and Virginia may no longer provide these discounts.

³ Special lens designs, materials, powers and frames may require additional cost.

⁴ Some providers have flat fees that are equivalent to these discounts.

Exclusions

The following services are excluded from coverage:

1. Diagnostic services, except as listed in What's Covered under the Evidence of Coverage.
2. Medical care or surgery. Covered services related to medical conditions of the eye may be covered under the Evidence of Coverage.
3. Prescription drugs obtained and self-administered by the Member for outpatient use unless the prescription drug is specifically covered under the Evidence of Coverage or a rider or endorsement purchased by your Group and attached to the Evidence of Coverage.
4. Services or supplies not specifically approved by the Vision Care Designee where required in What's Covered under the Evidence of Coverage.
5. Orthoptics, vision training and low vision aids.
6. Glasses, sunglasses or contact lenses.
7. Vision Care services for cosmetic use.
8. Services obtained from Non-Contracting Providers.

For BlueChoice Opt-Out Plus members, Vision Care benefits are not available under the Out-of-Network Evidence of Coverage.

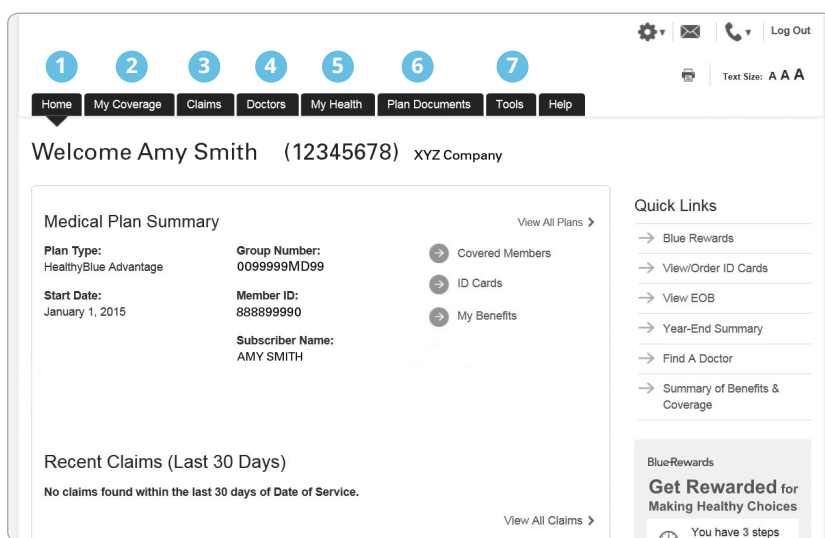

Exclusions apply to the Routine Eye Examination portion of your vision coverage. Discounts on materials such as glasses and contacts may still apply.

Preventive Service Guidelines for Adults

To stay healthy, adults need preventive check-ups. These guidelines* describe recommended preventive services that most adults need. Depending on your personal health care needs or risk factors, your doctor may give you a different schedule. If you think you may be at risk for a particular condition, talk to your doctor.

To verify your benefits, check your benefits contract, your enrollment materials or log in to *My Account* at carefirst.com/myaccount.

Counseling and education

Depending on the patient's age, health care providers will discuss one or more of these topics or provide screenings during exams:

- Drug and alcohol use
- Tobacco use
- Harmful effects of smoking on children's health
- Physical activity and diet, including recommended changes
- Injury prevention
- Dental health
- Hepatitis A, B and C
- Sexual behavior
- Sexually transmitted diseases
- Use of alternative medicines and therapies
- Tuberculosis (TB)
- Domestic violence
- Aspirin therapy
- Sleep patterns
- Sun safety/skin cancer prevention

Screenings for men and women ages 21 & older

- **Medical history and physical exam:** At the advice of the doctor
- **Height:** At least once with follow-up as needed
- **Weight:** Screen all adults for obesity; body mass index (BMI) recommended at least every two years
- **Blood pressure:**
 - At least every 2 years if blood pressure is less than 120/80
 - Every year if systolic measure (top number) is 120–139 or diastolic measure (bottom number) is 80–90
- **Cholesterol:** Every 5 years for men and women ages 20 and older
- **Diabetes:** Every 3 years for patients with any of these risk factors:
 - Overweight (BMI greater than or equal to 25)
 - Family history of diabetes
 - High blood pressure
 - High cholesterol
 - High blood sugar
 - History of vascular disease
- Inactivity
- African American, Latino, Native American, Asian American or Pacific Islander race/ethnicity
- **COPD:** Spirometry for patients with dyspnea, chronic cough/sputum production and history of risk factors
- **Colorectal cancer:** Ages 45–75 with average risk. The decision to screen before or after this age range should be between you and your doctor. Discuss the possible benefits and harm of screening and treatment with your doctor. The options for colorectal cancer screening are:
 - Fecal immunochemical test annually
 - High-sensitivity, guaiac-based fecal occult blood test annually
 - Multitarget stool DNA test every 3 years
 - Colonoscopy every 10 years
 - Computed tomography colonography every 5 years
 - Flexible sigmoidoscopy every 5 years

* Guidelines are adapted from a variety of sources including: United States Preventive Services Task Force; American Diabetes Association; American Cancer Society, and National Comprehensive Cancer Network.

Preventive Service Guidelines for Adults

- **Depression:** Screen men and women every year
- **Hepatitis B:** For men and women at increased risk for infection
- **Hepatitis C:** At least once for those born between 1945 and 1965
- **Human immunodeficiency virus (HIV):** For men and women at increased risk for HIV infection
- **Syphilis:** For men and women at increased risk for syphilis infection

Screenings for women only

- **Breast cancer:** Routine screening every 2 years for women aged 50 to 74 years. The decision to start screening before the age of 50 should be between you and your doctor. Discuss the possible benefits and harm of screening and treatment with your doctor.
- **Hereditary breast and ovarian cancer screening:** Women who carry the genes associated with increased risk (a strong family history of breast, ovarian, tubal or peritoneal cancer) should be referred for genetic counseling and evaluation for testing
- **Cervical cancer:**
 - Pap smear every 3 years for ages 21–29
 - For women ages 30 and older, Pap smear alone every 3 years OR a combination of Pap smear and HPV testing every 5 years
 - Screening is not recommended for women older than 65 who have had adequate prior screening
 - Screening is not suggested for women who have had a hysterectomy with removal of the cervix

- **Chlamydia:** For sexually active women ages 25 and younger who are not pregnant; the doctor may advise the test for women older than age 25
- **Cystic Fibrosis carrier screening:** For women of child-bearing age, preferably before conception
- **Osteoporosis:**
 - Begin at age 65 or older for women at average risk. Women at greater risk should be screened at an earlier age.
 - Counseling for women ages 21 and older to get enough calcium
- **Menopause counseling:** Women who are of menopausal age should be counseled about menopause, risks and benefits of estrogen replacement, treatment and lifestyle changes
- **Screening pelvic exam:** Is not recommended for women with no symptoms and who are not pregnant. The decision not to have this exam should be between you and your doctor. Discuss the benefits and harm with your doctor.

Screenings for men only

- **Prostate cancer:** Discuss the possible benefits and harm of screening and treatment with your doctor
- **Aortic abdominal aneurysm:** One-time ultrasonography for men ages 65 to 75 who smoke or have smoked
- **Osteoporosis:** Periodic screenings for older men with risk factors
