Large provider network

You can choose any doctor from our large network of providers. Our network also includes specialists, hospitals and pharmacies—giving you many options for your healthcare.

You're covered for overnight hospital stays. You're also covered for outpatient services, those procedures you get in the hospital without spending the night. Your PCP or specialist must provide prior authorization for all hospital services.

Labs, X-rays or specialty imaging

Covered services include provider-ordered lab tests, X-rays and other specialty imaging tests (MRI, CT scan, PET scan, etc.).

Well-child visits

All well-child visits and immunizations are covered.

Maternity and pregnancy care

You are covered for doctor visits before and after your baby is born, including hospital stays. If needed, we also cover home visits after the baby's birth.

Mental health and substance use disorder

Your coverage includes behavioral health treatment, such as psychotherapy and counseling, mental and behavioral health inpatient services and substance use disorder treatment.

How your plan works

CareFirst BlueCross BlueShield has the region's largest network for doctors, pharmacies, hospitals and other healthcare providers that accept our health plans. Networks vary among CareFirst health plans. It is important that you familiarize with your specific plan's network.

In-network doctors and healthcare providers are those that are part of your plan's network (also known as participating providers). When you choose an in-network provider, you'll pay the lowest out-of-pocket care costs.

Out-of-network providers and doctors have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed.

Your benefits

Step 1: Select a PCP

Establishing a relationship with one doctor is the best way to receive consistent, quality healthcare. When you enroll in a BlueChoice HMO Open Access plan, you select a PCP—either a physician or nurse practitioner—to manage your primary medical care. Make sure you select a PCP for yourself and each of your covered family members. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in family practice, general practice, pediatrics or internal medicine.

To ensure that you receive the highest level of benefits and pay the lowest out-of-pocket costs for all services, see your PCP for preventive and routine care.

Step 2: Meet your deductible (if applicable)

If your plan requires you to meet a deductible, you will be responsible for the cost of your medical care up to the amount of your deductible. However, this deductible does not apply to all services.

Examples of in-network services not subject to deductible*:

- Adult preventive visits with PCP
- Well-child care and immunizations with PCP
- OB/GYN visits and pap tests
- Mammograms
- Prostate and colorectal screenings
- Routine prenatal maternity services

Step 3: Your plan will start to pay for services

Your full benefits will become available once your deductible (if applicable) is met as long as you visit participating CareFirst BlueChoice doctors and facilities. Depending on your particular plan, you may also have to pay a copay or coinsurance when you receive care.

Deductible requirements vary based on whether your coverage is an individual or family plan. If more than one person is covered under your plan, please refer to your Evidence of Coverage for detailed information on deductibles.

Your out-of-pocket maximum

Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Any amount you pay toward your deductible (if applicable) and most copays and/or coinsurance will count toward your out-of-pocket maximum.

Should you reach your out-of-pocket maximum, CareFirst will then pay 100 percent of the allowed benefit for all covered services for the remainder of the benefit period.

Please keep in mind that out-of-pocket requirements also differ if your coverage is an individual or family plan. Detailed information on out-of-pocket maximum amounts can be found in your Evidence of Coverage.

* This is not a complete list of all services. For a comprehensive explanation of your coverage, please check your Evidence of Coverage.

Labs, X-rays or specialty imaging

To get the most economical use out of your laboratory benefits, you must visit a LabCorp facility for any laboratory services. Services performed at a facility that isn't part of the LabCorp network will not be covered under your plan.

Also, any lab work performed in an out-patient hospital setting will require a prior authorization from your PCP.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. For locations near you, call 888-LAB-CORP (522-2677) or visit labcorp.com.

Diagnostic/imaging centers have equipment to produce various types of radiologic and electromagnetic images (such as X-rays, mammograms, CT and PET scans) and a professional staff to interpret the images. If you need X-rays or other specialty imaging services, you must visit a participating freestanding/non-hospital diagnostic center such as Advanced Radiology.

Out-of-area coverage

Out-of-area coverage is limited to emergency or urgent care only. However, members and their covered dependents planning to be out of the CareFirst BlueChoice, Inc. service area for at least 90 consecutive days may be able to take advantage of a special program, Away From Home Care.

This program allows temporary benefits through another Blue Cross and Blue Shield affiliated HMO. It provides coverage for routine services and is perfect for extended out-of-town business or travel, semesters at school or families living apart.

For more information on Away From Home Care, please call Member Services at the phone number listed on your ID card.

Global coverage

If you travel outside of the United States for a period of less than six months, you have access to a worldwide network of traditional inpatient, outpatient and professional healthcare providers. With BlueCross BlueShield Global Core*, you receive:

- Access to a worldwide network of traditional inpatient, outpatient, and professional healthcare providers—more than 7,000 physicians and more than 2,000 hospitals.
