

THE BIOGRAPHY OF

ROBERT CIAVERELLI MD

CAREFIRST MEDICAL DIRECTOR FOR BEHAVIORAL HEALTH

Dr. Robert Ciaverelli is currently the behavioral health medical director for CareFirst, and is responsible for the medical leadership decisions for all of the members CareFirst serves. Prior to his role here, he served in a similar fashion for greater than 15 years as Magellan Behavioral Health's medical director also in part serving the 3.5 million lives of CareFirst membership, in addition to the total 65 million Magellan Commercial lives as Magellan's AftrHrs medical director.

Dr. Ciaverelli had an active 30 year psychiatric practice too, focusing on adult psychiatry, specializing in mood and substance disorders. He has published in the Journal of Addiction Medicine on the barriers to setting up an Office Based Opioid Practice.

Dr. Ciaverelli was graduated from George Washington University with Phi Beta Kappa honors, George Washington School of Medicine, and Sheppard Pratt Psychiatric residency program.
