Patient-Centered Medical Home

Supporting the relationship between you and your doctor

Whether you're trying to get healthy or stay healthy, you need the best care. That's why CareFirst¹ created the Patient-Centered Medical Home (PCMH) program to focus on the relationship between you and your primary care provider (PCP).

The program is designed to provide your PCP with a more complete view of your health needs. Your PCP will be able to use information to better manage and coordinate your care with all your health care providers including specialists, labs, pharmacies and others to ensure you get access to, and receive the most appropriate care in the most affordable settings.

Extra care for certain health conditions

If you have certain health conditions, your PCMH PCP will partner with a care coordinator, a registered nurse, to:

- Create a care plan based on your health needs with specific follow up activities
- Review your medications and possible drug interactions
- Check in with you to make sure you're following your treatment plan
- Assist you in obtaining services and equipment necessary to manage your health condition(s)

A PCP is important to your health

By visiting your PCP for routine visits, you build a relationship, and your PCP will get to know you and your medical history.

If you have an urgent health issue, having a PCP who knows your history often makes it easier and faster to get the care you need.

Even if you are young and healthy, or don't visit the doctor often, choosing a PCP is key to maintaining good health.

PCPs play a huge role in keeping you healthy for the long run. If you don't already have a relationship with a doctor, you can begin researching one today!

- To find a PCMH PCP, look for the PCMH logo when searching for primary care providers in our Provider Directory or log in to *My Account* and click *Select/Change PCP* under *Quick Links*.

Benefits at a glance

Preventive care and sick office visits

You are covered for all preventive care as well as sick office visits.

Large provider network

You can choose any doctor from our large network of providers. Our network also includes specialists, hospitals and pharmacies—giving you many options for your health care.

Specialist services

Your coverage includes services from specialists without a referral. Specialists are doctors or nurses who are highly trained to treat certain conditions, such as cardiologists or dermatologists.

Hospital services

You're covered for overnight hospital stays. You're also covered for outpatient services, those procedures you get in the hospital without spending the night. Your PCP or specialist must provide prior authorization for all hospital services.

Labs, X-rays or specialty imaging

Covered services include provider-ordered lab tests, X-rays and other specialty imaging tests (MRI, CT scan, PET scan, etc.).

Well-child visits

All well-child visits and immunizations are covered.

Maternity and pregnancy care

You are covered for doctor visits before and after your baby is born, including hospital stays. If needed, we also cover home visits after the baby's birth.

Mental health and substance use disorder

Your coverage includes behavioral health treatment, such as psychotherapy and counseling, mental and behavioral health inpatient services and substance use disorder treatment, provided through the Magellan network.

How your plan works

CareFirst BlueCross BlueShield has the region's largest network for doctors, pharmacies, hospitals and other health care providers that accept our health plans. Because networks vary among CareFirst health plans, make sure you're familiar with your specific plan's network.

In-network doctors and health care providers are those that are part of your plan's network (also known as participating providers). When you choose an in-network provider, you'll pay the lowest out-of-pocket care costs.

Out-of-network providers and doctors have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed.

Your benefits

Step 1: Select a PCP

Establishing a relationship with one doctor is the best way to receive consistent, quality health care. When you enroll in a BlueChoice HMO Open Access plan, you select a PCP—either a physician or nurse practitioner—to manage your primary medical care. Make sure you select a PCP for yourself and each of your covered family members. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in family practice, general practice, pediatrics or internal medicine.

To ensure that you receive the highest level of benefits and pay the lowest out-of-pocket costs for all services, see your PCP for preventive and routine care.

Step 2: Meet your deductible (if applicable)

If your plan requires you to meet a deductible, you will be responsible for the cost of your medical care up to the amount of your deductible. However, this deductible does not apply to all services.

Examples of in-network services not subject to deductible*:

- Adult preventive visits with PCP
- Well-child care and immunizations with PCP
- OB/GYN visits and pap tests
- Mammograms
- Prostate and colorectal screenings
- Routine prenatal maternity services

Step 3: Your plan will start to pay for services

Your full benefits will become available once your deductible (if applicable) is met as long as you visit participating CareFirst BlueChoice doctors and facilities. Depending on your particular plan, you may also have to pay a copay or coinsurance when you receive care.

Deductible requirements vary based on whether your coverage is an individual or family plan. If more than one person is covered under your plan, please refer to your Certificate of Coverage for detailed information on deductibles.

Your out-of-pocket maximum

Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Any amount you pay toward your deductible (if applicable) and most copays and/or coinsurance will count toward your out-of-pocket maximum.

Should you reach your out-of-pocket maximum, CareFirst will then pay 100 percent of the allowed benefit for all covered services for the remainder of the benefit period.

Please keep in mind that out-of-pocket requirements also differ if your coverage is an individual or family plan. Detailed information on out-of-pocket maximum amounts can be found in your Certificate of Coverage.

* This is not a complete list of all services. For a comprehensive explanation of your coverage, please check your Evidence of Coverage.

Labs, X-rays or specialty imaging

To get the most economical use out of your laboratory benefits, you must visit a LabCorp facility for any laboratory services. Services performed at a facility that isn't part of the LabCorp network will not be covered under your plan.

Also, any lab work performed in an out-patient hospital setting will require a prior authorization from your PCP.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. To locate a LabCorp patient service center near you, call 888-LAB-CORP (522-2677) or visit labcorp.com.

Diagnostic/imaging centers have equipment to produce various types of radiologic and electromagnetic images (such as X-rays, mammograms, CT and PET scans) and a professional staff to interpret the images. If you need X-rays or other specialty imaging services, you must visit a participating freestanding/non-hospital diagnostic center such as Advanced Radiology.

Out-of-area coverage

Out-of-area coverage is limited to emergency or urgent care only. However, members and their covered dependents planning to be out of the CareFirst BlueChoice, Inc. service area for at least 90 consecutive days may be able to take advantage of a special program, Away From Home Care®.

This program allows temporary benefits through another Blue Cross and Blue Shield affiliated HMO. It provides coverage for routine services and is perfect for extended out-of-town business or travel, semesters at school or families living apart.

For more information on Away From Home Care, please call Member Services at the phone number listed on your ID card.

*BlueCross BlueShield Global is a brand owned by BlueCross BlueShield Association.

- Access to nearly 170,000 English-speaking providers and more than 11,500 hospitals in nearly 200 countries worldwide

Important terms

ALLOWED BENEFIT: The maximum amount CareFirst approves for a covered service, regardless of what the doctor actually charges. Providers who participate in the CareFirst BlueChoice network cannot charge our members more than the allowed amount for any covered service.

BALANCE BILLING: Billing a member for the difference between the allowed charge and the actual charge.

COINSURANCE: The percentage of the allowed benefit you pay after you meet your deductible.

COPAY: A fixed-dollar amount you pay when you visit a doctor or other provider.

DEDUCTIBLE: The amount of money you must pay each year before your plan begins to pay its portion for the cost of care.

IN-NETWORK: Doctors, hospitals, labs and other providers or facilities that are part of the CareFirst BlueChoice network.

OUT-OF-NETWORK: Doctors, hospitals, labs and other providers or facilities that do not participate in the CareFirst BlueChoice network. If you receive non-emergency or urgent services from an out-of-network provider or facility, you will be responsible for paying the entire amount billed.

Away From Home Care[®]

Your HMO coverage goes with you

We've got you covered when you're away from home for 90 consecutive days or more. Whether you're out-of-town on extended business, traveling, or going to school out-of-state, you have access to routine and urgent care with our Away From Home Care program.

Coverage while you're away

You're covered when you see a provider of an affiliated Blue Cross Blue Shield HMO (Host HMO) outside of the CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C. and Northern Virginia). If you receive care, then you're considered a member of that Host HMO receiving the benefits under that plan. So your copays may be different than when you're in the CareFirst BlueChoice service area. You'll be responsible for any copays under that plan.

Enrolling in Away From Home Care

To make sure you and your covered dependents have ongoing access to care:

- Call the Member Service phone number on your ID card and ask for the Away From Home Care Coordinator.
- The coordinator will let you know the name of the Host HMO in the area. **If there are no participating affiliated HMOs in the area, the program will not be available to you.**
- The coordinator will help you choose a primary care physician (PCP) and complete the application. Once completed, the coordinator will send you the application to sign and date.
- Once the application is returned, we will send it to your Host HMO.

Always remember to carry your ID card to access Away From Home Care.

- The Host HMO will send you a new, temporary ID card which will identify your PCP and information on how to access your benefits while using Away From Home Care.
- Simply call your Host HMO primary care physician for an appointment when you need care.

No paperwork or upfront costs

Once you are enrolled in the program and receive care, you don't have to complete claim forms, so there is no paperwork. And you're only responsible for out-of-pocket expenses such as copays, deductibles, coinsurance and the cost of non-covered services.

Know Before You Go

Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It's important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)

Establishing a relationship with a primary care provider is the best way to receive consistent, quality care. Except for emergencies, your PCP should be your first call when you require medical attention. Your PCP may be able to provide advice over the phone or fit you in for a visit right away.

24-Hour Nurse Advice Line

Call 800-535-9700 anytime to speak with a registered nurse. Nurses can provide you with medical advice and recommend the most appropriate care.

CareFirst Video Visit

See a doctor 24/7 without an appointment! You can consult with a board-certified doctor on your smartphone, tablet or computer. Doctors can treat a number of common health issues like flu and pinkeye. Visit [carefirst.com/needcare](https://www.carefirst.com/needcare) for more information.

Convenience care centers (retail health clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer accessible care with extended hours. Visit a convenience care center for help with minor concerns like cold symptoms and ear infections.

Urgent care centers

Urgent care centers (such as Patient First or ExpressCare) have a doctor on staff and are another option when you need care on weekends or after hours.

Emergency room (ER)

An emergency room provides treatment for acute illnesses and trauma. You should call 911 or go straight to the ER if you have a life-threatening injury, illness or emergency. Prior authorization is not needed for emergency room services.

For more information, visit [carefirst.com/needcare](https://www.carefirst.com/needcare).

*The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

When you need care

When your PCP isn't available, being familiar with your options will help you locate the most appropriate and cost-effective medical care. The chart below shows how costs* may vary for a sample health plan depending on where you choose to get care.

Coordination of Benefits

If you're covered by more than one health plan

As a valued CareFirst member, we want to help you maximize your benefits and lower your out-of-pocket costs. If you're insured by more than one health insurance plan, our Coordination of Benefits program can help manage your benefit payments for you, so that you get the maximum benefits.

What is Coordination of Benefits (COB)?

It's a way of organizing or managing benefits when you're covered by more than one health insurance plan. For example:

- You and your spouse have coverage under your employer's plan.
- Your spouse also has coverage with another health insurance plan through his or her employer.

When you're covered by more than one plan, we coordinate benefit payments with the other health care plan to make sure you receive the maximum benefits entitled to you under both plans.

How does COB work?

CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) and most commercial insurance carriers follow the primary-secondary rule. This rule states when a person has double coverage, one carrier is determined to be the primary plan and the other plan becomes the secondary plan.

The **primary plan** has the initial responsibility to consider benefits for payment of covered services and pays the same amount of benefits it would normally pay, as if you didn't have another plan.

The **secondary plan** then considers the balances after the primary plan has made their payment. This additional payment may be subject to applicable deductibles, copay amounts, and contractual limitations of the secondary plan.

With the COB between your primary and secondary plans, your out-of-pocket costs may be lower than they would've been if you only had one insurance carrier.

Covered by more than one health plan? Contact Member Services at the number listed on your ID card.

What if I have other coverage?

Contact Member Services at the number listed on your ID card, so we can update your records and pay your claims as quickly and accurately as possible. Let us know when:

- You're covered under another plan.
- Your other coverage cancels.
- Your other coverage is changing to another company.

We may send you a routine questionnaire asking if you have double coverage and requesting information regarding that coverage, if applicable. Complete and return the form promptly, so we can continue to process your claims.

How do I submit claims?

When CareFirst is the primary plan

You or your doctor should submit your claims first to CareFirst, as if you had no other coverage. The remaining balance, if any, should be submitted to your secondary plan. Contact your secondary plan for more information on how to submit the claims for the remaining balance.

When CareFirst is the secondary plan

Submit your claim to the primary plan first. Once the claim has been processed and you receive an Explanation of Benefits detailing the amount paid or denial reasons, the claim can be submitted to CareFirst for consideration of the balances. Mail a copy of the Explanation of Benefits from the primary carrier and a copy of the original claim to the address on the back of your CareFirst ID card.

When CareFirst is the primary and secondary plan

You don't need to submit two claims. When a claim form is submitted, write the CareFirst ID number of the primary plan in the subscriber ID number space. Then complete the form by indicating the CareFirst secondary plan ID number under *Other Health Insurance*. In most cases, we'll automatically process a second claim to consider any balances.

Which health plan is primary?

There are standard rules throughout the insurance industry to determine which plan is primary and secondary. It's important to know these rules because your claims will be paid more quickly and accurately if you submit them in the right order. Keep in mind that the primary-secondary rule may be different for different family members.

Here are the rules we use to determine which plan is primary:

- If a health plan doesn't have a COB provision, that plan is primary.
- If one person holds more than one health insurance policy in their name, the plan that has been in effect the longest is primary.
- If you're the subscriber under one plan and a covered dependent under another, the plan that covers you as the subscriber is primary for you.
- If your child(ren) are covered under your plan and your spouse's plan, the Birthday Rule applies. This rule states the health plan of the parent whose birthday occurs earlier in the year is the primary plan for the children.
 - For example, if your birthday is May 3 and your spouse's is October 15, your plan is primary for your children. But, if the other insurer does not follow the Birthday Rule, then its rules will be followed.
 - When parents are separated or divorced, the family plan in the name of the parent with custody is primary unless this is contrary to a court determination.
 - For dependent coverage only, if none of the above rules apply, the plan that's covered the dependent longer is primary.
